Font Awesome Quarto Extension

This extension allows you to use font-awe some icons in your Quarto HTML and PDF documents. It provides an $\{\{ \leq fa > \}\}$ shortcode:

• Mandatory <icon-name>:

```
{{< fa <icon-name> >}}
```

• Optional <group>, <size=...>, and <title=...>:

```
{{< fa <group> <icon-name> <size=...> <title=...> >}}
```

For example:

Shortcode	Icon
{{< fa thumbs-up >}}	<u>.</u>
{{< fa folder >}}	
{{< fa chess-pawn >}}	<u>1</u>
{{< fa brands bluetooth >}}	8
	y
<pre>only) {{< fa brands github size=5x >}} (HTML</pre>	Q
only)	
{{< fa battery-half size=Huge >}}	
<pre>{{< fa envelope title="An envelope" >}}</pre>	lacksquare

Colors:

Shortcode	Icon
{{< fa thumbs-up color=#0000ff >}}	. .
{{< fa thumbs-up color=rgb(0,255,0) >}}	
<pre>{{< fa thumbs-up color=rgb(1,0,0) >}}</pre>	. 6

Shortcode Icon

{{< fa thumbs-up color=rgb(1,0.1,0.8)
size=Huge >}}

Note that the icon sets are currently not perfectly interchangeable across formats:

- html uses FontAwesome 6.4.2
- pdf uses the fontawesome5 package, based on FontAwesome 5.
- Other formats are currently not supported, but PRs are always welcome!
